USA Hockey Player Development Camps

Each summer USA Hockey conducts Select Player Development Camps for young athletes from throughout the country. The athletes are chosen from tryouts conducted within USA Hockey Districts, with some slots reserved for at-large selections. The goal is to attract the best players, in their specific age group, to our national program.

The purpose of the Camps is to identify, train, educate and evaluate our best athletes. Individuals are selected by Districts to attend the week-long event. During this week, our players are evaluated by our national scouting program, college and junior recruiters and professional scouts. The competition gives each player the opportunity to measure themselves against others his/her age, gain knowledge about his/her development and to be exposed to outstanding coaching. At times, teams will be chosen from certain Camps for international competition. This year a team will be chosen from each the Select 16 Camp, Select 17 Camp and several of the Girls' Select Camps for international competition.

For the boys, this program is not a tryout for our National Team Development Program in Ann Arbor. By the same token, our national staff does take part by testing our athletes physically and mentally, conducting lectures and evaluating their ability.

The format of each program creates a very competitive atmosphere. This is to provide a setting with which athletes will compete at their highest level. It is not a tournament, but rather a grueling week of training and competition meant to improve and showcase our players.

It is essential that all participants, particularly staff, understand that while they may have been recommended by their District, they are part of the USA Hockey National Player Development Program while at Camp. Rules that have been put in place must be followed and everyone must work together for a successful program. The Camp Director is in charge and everyone must have the same goals in mind.

While competition is meant to be intense (in order to see that the players display their best efforts), winning is not the top priority. The top priority is that players have a great week of development. We want the players interact with players from the other areas and to bond as elite American players in our national program.

USA Hockey realizes the tremendous role our Districts play in the success of the program. Our Districts have done a great job identifying and training their players, but it is the wish of the Player Development Committee that no one goes overboard in preparation for the Camps. It is our hope that the cost to the participants be reasonable and certainly as inexpensive as possible.

In some instances, we may combine a Camp with an Officials' Camp. It is important for everyone to understand that it is essential for us to develop elite officials, as well as players.

The following materials are intended to provide information about this year's USA Hockey National Player Development Camps. More detailed information will be given to each District's Player Development.

Representative—boys and girls. The girls' registration packets will be sent directly to each player by the National Office upon receipt of their name and contact information by the Girls' District Player Development Representative. The boys' registration packets will be sent directly to each player by the National Office upon receipt of their name and contact information or the District Player Development Representative will be sent the appropriate number of player information packets to distribute to the selected players immediately following the conclusion of their District tryouts.

Players will make the \$125 payment directly to USA Hockey and include this Camp registration fee with their registration paperwork that they send directly to the National Office. Thus, alleviating the Districts of this cumbersome step.

At this time, we would request that the appropriate person review the enclosed Duties and Responsibilities for the "Camp Team Leader" positions and select highly-qualified, motivated people to fill these extremely important positions. Please utilize the included forms to submit these candidates by April 13, 2008.

It is greatly appreciated that each District follow the guidelines and procedures established for the 2008 Player Development Camps. Please don't hesitate to contact us should you have any questions.

Let's all work together to assure that everyone completely understands their role and the purpose of the program. The following pages are the various elements to ensure all Camps are conducted to the standards that our American players deserve.

Sincerely,

Jim Smith

Participants will be required to pay a \$125, non-refundable registration fee for the Player Development Camps (This includes ice costs, jerseys, socks, food and housing expenses).

CONDUCT

We ask that you consider your selection to participate in this Camp as an honor and privilege and to conduct yourself accordingly. Be alert to all instructions given both on and off the ice. Be respectful at all times. Always be on time!

TRANSPORTATION

Each player is responsible for his/her own transportation to and from the Camp. Transportation will be provided from the Albany airport to the Olympic Training Center in Lake Placid, from the Rochester airport to the ESL Sports Centre in Rochester and from the Minneapolis airport to the National Hockey Center in St. Cloud. There is no fee charged for this service if players arrive during designated times.

IDENTIFICATION

All participants at all USA Hockey Camps must wear their ID tag at all times when they are off the ice. In addition, each player must arrive at the Camp with his/her name printed clearly on the front of his/her helmet. A minimum 2" piece of white adhesive tape should be used with your name printed with a black marker.

EQUIPMENT

You must bring full hockey gear, including sticks. All participants must wear a USA Hockey HECC approved helmet and facemask. Facemasks, mouthguards and the required helmet earpieces are mandatory. USA Hockey will provide a jersey and socks that you may keep. All baggage should be tagged, including your hockey equipment bag.

CLOTHING

Only casual clothing, such as T-shirts, shorts, warm-ups, sneakers, sweat shirts, etc., are needed. Washer and dryer facilities are available on site. It is suggested that, for the plane trip back and forth, appropriate clothing be worn such as jeans, khakis, golf shirts, dress shorts, etc. Girls wearing halters, mini-skirts and/or short-shorts that are deemed inappropriate by the Camp staff will be asked to change and not wear that piece of clothing for the remainder of the Camp. You will not need money for food and lodging, so be guided accordingly. We recommend that you do not bring large amounts of cash. There might be other optional activities available such as swimming, open gym, movie night, etc. that the campers will need to pay for on their own. USA Hockey staff will be present at all activities.

MERCHANDISE

There will be merchandise (designed and produced through the National Office) for sale at all of the Camps. Prices for the merchandise (hats, T-shirts, sweat shirts, etc.) vary depending on the product. Credit cards, traveler's checks and cash will be accepted. Merchandise will be displayed in an easily accessible area for all participants.

DRUG TESTING

The Olympic Training Center may conduct random drug tests at all USA Hockey Camps. Cooperation is mandatory; non-compliance will be cause for the same penalties as a positive drug test. Please be advised that most over-the-counter and prescription drugs contain banned substances. If you are taking any medication, you may call the USADA Hotline (1-800-233-0393) or check www.usantidoping.org to verify if they contain banned substances.

PASSPORTS

Note: USA Hockey recommends that all participants at our Select 16 Camp, Select 17 Camp, Girls' Select 16 Camp and Girls' Select 17 Camp obtain a U.S. passport. As a participant in one of our national level programs, it is possible that you may be selected to compete in international competition. Obtaining a U.S. passport prior to the Camp will save you money, time and inconvenience in the future. Applications are available through the U.S. Postal Service. All players that currently have a passport should check the expiration date to ensure that the passport is valid through November of 2008.

The following format will be used during the 2008 Camps:

1. Teams should arrive at the rink one (1) hour before game time. The Team Leader should check in with Camp Director upon arrival.
2. Teams will take the ice five (5) minutes before scheduled game time for a five (5) minute warm-up.
3. All games will start on time.

5. A player will serve one and a half (1:30) minutes for a minor penalty.
6. Each goalkeeper **MUST** play one half of each game. **NO EXCEPTIONS!**
7. Teams will return to their locker room between halves during resurfacing.
8. Teams will start the game defending the net opposite of their home bench and will change ends for the second half of the game.
9. Overtime will not be played; however, a shoot-out will be held in the case of a tie. At the conclusion of the tied game, coaches shall submit to the referee the order and numbers of the first five players to participate in the shoot-out, as well as which goaltender will participate. If a winner is not determined after the first five shooters, the shoot-out will continue one shooter at a time until a winner is determined. A shooter cannot be used twice until a full team rotation has been complete. If the game remains tied after all shooters have shot, the shooters must continue in the same order as the first round until a winner is decided.
